Letter of Recommendation

Dear Sirs,

This is to confirm that we have co-operated with Central Asia Business Consultants ("CABC") for around ten years since they helped METCO create a branch organisation in Azerbaijan. CABC provides the following services for our company:

- Taxation services for Azerbaijan and Georgia
- Legal services for Azerbaijan

We are pleased to report that during our mutual co-operation CABC have provided all services in a highly satisfactory and professional manner. Indeed they had to initially pass a due diligence assessment by our US parent company, Emerson, prior to their appointment.

To date, the staff of CABC has always been most helpful in providing any information and advice that we needed. Their staff has exhibited a personal commitment, honesty and integrity in the services provided. We hope to continue our co-operation in the future.

If you need any further reference in respect of CABC capabilities, please do not hesitate to contact me.

Yours faithfully,

For and on behalf of METCO Services Limited

Andrew Lowden
Finance Director

Gordon Fish
Managing Director
